

Borderlands Unitarian Universalist Indoor Covid Policy

October, 2022

A new, more manageable time in Covid requires a different approach. We trust our congregants are capable of making safe, workable decisions for themselves. When the CDC makes new recommendations, they will be shared by link with the congregation and the Board may revisit the current policy.

Low Risk

Masks are optional.

Free masks are available.

Medium Risk

Masks are encouraged. (Signage will be posted on exterior doors).

Free masks are available.

Masks recommended for singing.

High Risk

Masks are required (Signage will be posted on exterior doors).

Free masks available.

No singing at high risk.

Recommend indoor activities be moved outside, if able.

Choir

The choir will determine its mask policy.

No singing at high risk.

Self-Reporting

Those in attendance at an in-person event who receive a positive Covid test within 2 weeks after an event are encouraged to notify the Board President at **rssikpete@gmail.com** as soon as possible. This allows for the communication to the congregation through email and on the website. The identification of the person making the report will be anonymous unless they give permission to publish their name.
