

## **Mary L Arrigoni**

(nominee for BOD President)

I have been a participant in Unitarian Universalism since I first encountered it in 2010 and have enthusiastically held a variety of leadership positions in two different congregations since that time. I also served as a Board member for the WI Nurse Anesthetist board.

I served in many positions at my former congregation including BOD member, hospitality, membership, décor, small group ministry coordinator, and Council on Ministry.

As a full-time resident of Green Valley my experiences at BUU include being a member of the Worship Arts committee, BOD member (Member at Large and Secretary), and member of choir. I have helped produce the Weekly bulletin on a regular basis for the past three years.

My values strongly align with our 7 Principles and include transparency, accountability, honesty and involvement of the congregation to the fullest extent possible. I look forward to taking on a leadership position as BUU moves into the future and an environment where congregant's voices are heard and reflected in the decision-making process.
